*Welcome to Templegate,  
a brand new community  
of zero carbon homes  
in the charming  
Sussex countryside.*

Nestled between Keymer Road and Folders Lane, Templegate by Thakeham is a brand-new zero carbon community where cutting-edge design and stylish living seamlessly intertwine.

Picture beautiful homes that fit perfectly with the landscape and wildlife-rich countryside of Sussex. Surrounded by lush green spaces, hedgerows and trees, with three peaceful fishing lakes just a stroll away and bustling Burgess Hill within walking distance – enjoy having the best of both worlds.

Welcome to a place where zero carbon isn't just a feature; but a new way to help us all play a part in a brighter, more sustainable future.

# Setting a new standard in zero carbon living

At Templegate, we are setting a new standard in the zero carbon revolution with smarter homes that are kinder to your pocket and better for the planet.

Our vision is to forge a path towards a future where sustainability is effortlessly woven into everyday life, effectively tackling the challenges of high living costs and the urgent threat of climate change.

Offering a distinct new way of living, our contemporary two-, three- and four-bedroom homes are designed and built to be more efficient in their use of energy. As result, they save as much carbon as they produce – making them zero carbon – and therefore minimise ongoing running costs. Imagine living in a space that not only saves you money, but contributes positively to the planet too.

Embrace a lifestyle at Templegate that prioritises sustainability without compromising on comfort and style.

## How does it work?

Our homes use less energy than regular homes thanks to a combination of renewable energy like PV panels and Air Source Heat Pumps alongside modern appliances, smart controls and programmable systems. Through smart design choices like thermal insulation, water saving devices, improved fabrics and air tightness, our homes waste less energy.

### Air Source Heat Pumps

Air Source Heat Pumps extract heat from the outside air (even on a cold day) or ground to warm your home efficiently, using electricity – and they are up to three times more efficient than modern boilers.

### Energy-generating solar PV panels

PV panels produce enough carbon-free energy during the day to balance out the use of non-renewable energy at night – creating efficiency and offsetting their carbon footprint.

### Controls that put you in charge

Enjoy your moments of calm, reassured by smart, programmable systems that put you in control of energy usage.

## *No energy bills for the next 5 years!*

Just under half of our homes at Templegate are also eligible for Zero Bills\* through our partnership with Octopus Energy.

It's our latest effort to make living in your new home as energy and financially efficient as possible. By installing extra PV panels on the roof and a battery in your home, all of that precious solar power derived energy can be stored for whenever you need it, or better still sold back to our partner Octopus Energy to top up the national power grid!

All this is optimised by Octopus tech to keep you warm at no cost. You'll always be in control of your comfort. Just set your home heating preferences using Octopus' handy, hassle-free app – and they'll take care of the rest.

## Near the heart of a vibrant *community*

Burgess Hill is a quaint Sussex town perched on the slopes of the Sussex Downs, an Area of Outstanding Natural Beauty, recognised for its gently rolling chalk hills.

It's easy to appreciate why being so close to Burgess Hill makes Templegate such a sought-after location. An easy cycle ride or 15-minute walk takes you along tree-lined paths into town, where you'll find a great range of shops, amenities, medical centre, restaurants, cafés, bars and pubs.

Visit parks, sports clubs and leisure facilities, including The Triangle, complete with swimming pool and open-air lazy river.

Practise your swing on the three-par course at the Burgess Hill Golf Centre, or watch the latest films in the Orion Cinema with its charming Art Deco façade.

Explore the newly opened library, thoughtfully designed with the community in mind. Discover a tranquil haven brimming with endless knowledge and opportunities for curious minds to delve into.

Sussex countryside from Ditchling Beacon

# Rural adventures at every turn

We build beautiful homes where people love to live, carefully balanced with plenty of play spaces, and open countryside where nature thrives.

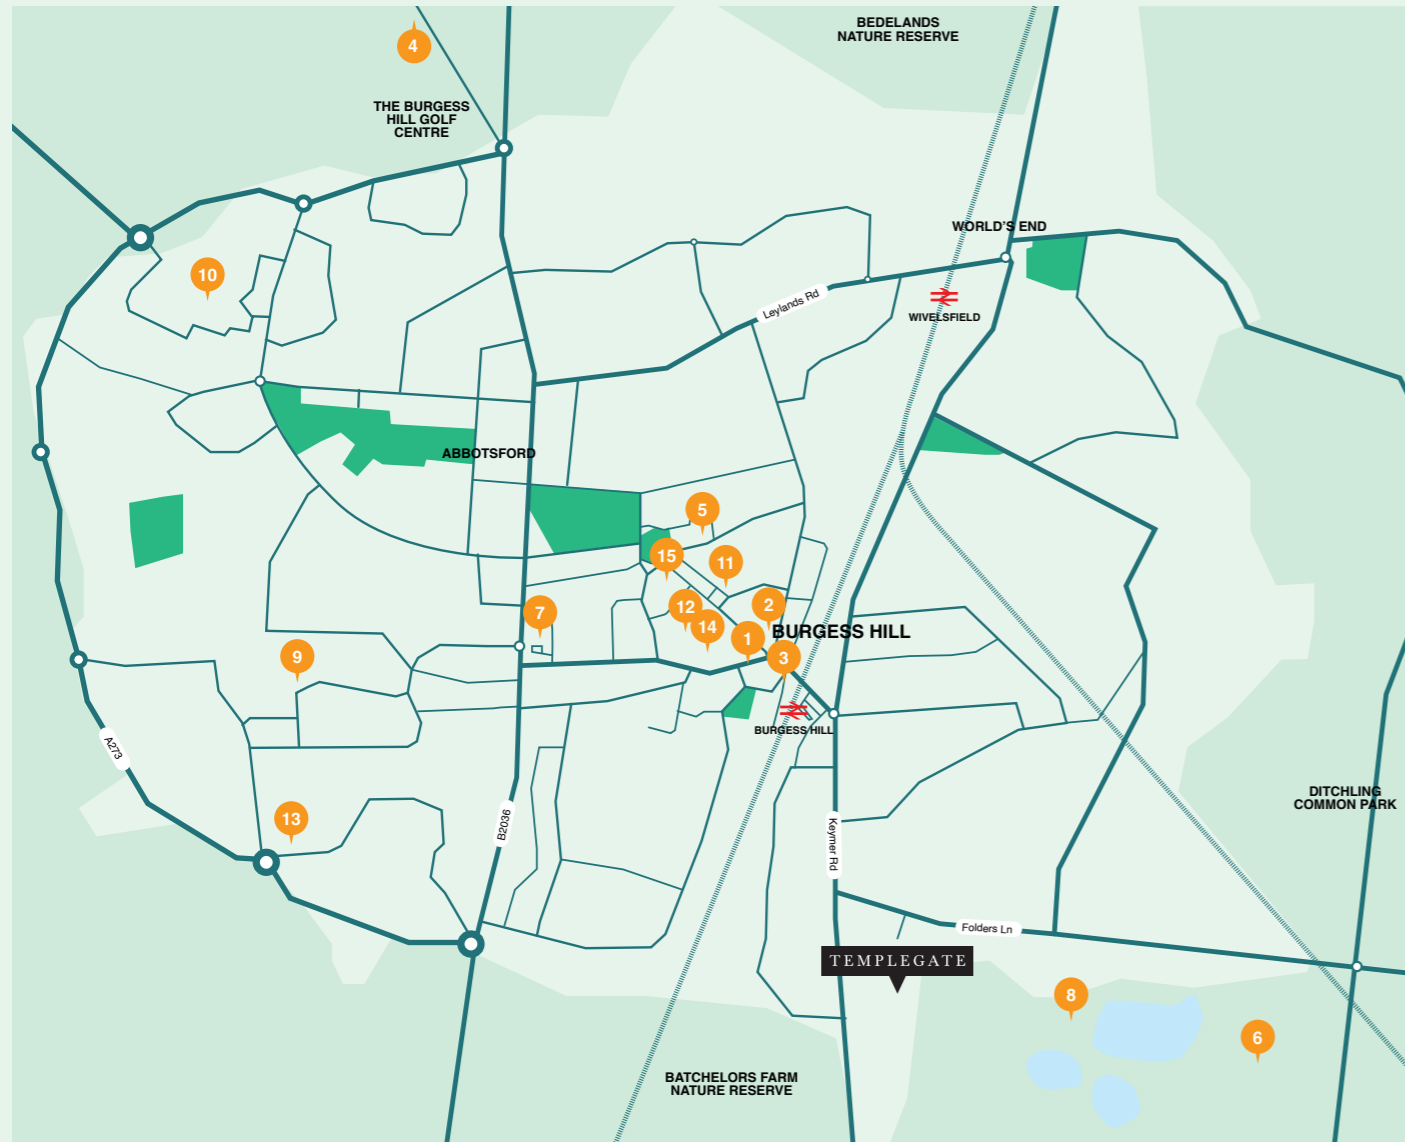

Whether you're a hiker, cyclist, beach bather, picnicker, dog lover or just want to get away from it all, there is something for everyone to discover.

Explore the fields and woods of nearby Ditchling Common, stopping by the picturesque duck pond. Treat yourself to a wine tasting tour and meal at the nearby Ridgeview Wine Estate. There's also the National Trust Ditchling Beacon, the highest point of the South Downs.

The Jack and Jill Windmills in Hassocks is a popular spot for star gazers on clear nights. Professional anglers can hone their casting skills in the pristine, well-stocked lakes at Wintons Fishery. And Nightingale Meadows & Bachelor's Farm nature reserve is perfect for picnics by the little fruit tree orchard near the famous water tower.

# Making a positive impact starts at home

Thakeham's sustainable design philosophy runs through every aspect of Templegate. A truly inspiring example of working with the existing natural environment.

We've placed bird and bat boxes on homes, created hedgehog holes and highways, protected the most ecologically sensitive areas, and supported a nationally recognised landscape-scale recovery project. New trees and hedgerows have also been planted around the homes – creating a 10% net gain in biodiversity that goes well beyond the statutory minimum.

It plays in nicely with the Green Circle Network which connects wildlife sites around Burgess Hill, allowing wildlife to flourish for the benefit of the community and provides easy access to open spaces via traffic free routes.

*Creating 10% net gain in biodiversity*

## *Creating places we can all be proud of*

Thakeham delivers developments with a focus on sustainable placemaking and enhancing communities. From the quality of our developments to our social responsibilities, we always go the extra mile.

A Thakeham development will always be an asset to its surroundings and the local community. We aim to enhance the quality of life for everyone in the community, not just the people who buy our homes.

We don't just build houses; we are placemakers. We're committed to creating new, extraordinary places, with the highest attention to detail.

We are always aiming for higher environmental standards, both on our developments and in our own working practices.

As a socially responsible developer, we make a positive contribution to the lives of local communities. Essential in bringing people together, we sponsor several local sports teams in the locality of our developments. Our recruitment strategy includes local apprenticeships throughout the entire lifecycle of a development.

At every stage, Thakeham's approach is one that ensures we leave a legacy that everyone can be proud of.

*At Thakeham, we have an opportunity and a duty to create amazing places; we are driven by a passion to deliver a legacy for many to enjoy and that we are proud of.*
